

Draw A Twin

This is a creative teambuilding activity that develops trust.

You will need:

- **Pens**
- **Paper**

How to play:

- **Split into pairs.**
- **Partners sit back to back.**
- **Hand out a pen and paper to one member of each team and ask them to draw something without showing their partner.**
- **Once they are done, they have to give instructions to their partner to make the same drawing, without being specific. For example, if they have drawn a face, they can say things like ‘draw a big circle, then draw two more circles’ and so on. Once done, the partners have to compare the drawings.**
